shopping partners collect personally identifiable information from you by "active" means, whereby you actively give our shopping partners, as GOLDSGYM.COM's agents, that information when ordering merchandise.

identifiable information in response to legitimate subpoenas or other appropriate law enforcement activities.

Credit card information provided to buy merchandise is used solely to determine that your card is valid, that sufficient credit is available to pay for the purchase and to apply the cost of your

purchase to your card when the items are shipped. Credit card information you provide is transmitted across the Internet securely using encryption from your browser to our shopping partners' secure order processing systems. Some versions of browsers and firewalls do not permit connection to secure servers. In such cases, you will not be able to connect to the server and therefore won't be able to place an order through a secure connection. While no method is completely impenetrable, our shopping partners utilize state-of-the-art encryption technology used in e-commerce today. Unfortunately, no data transmission over the Internet can be guaranteed to be 100% secure. Consequently, while our shopping partners are committed to protecting your personal information, they cannot entirely ensure or warrant the security of any information you transmit to them.

Please be aware that BPFHUB.COM advertisers or Web sites that have links on our Web site may collect personally identifiable information about you. The information practices of those Web sites linked to BPFHUB.COM are not covered by this privacy policy.

External Service Providers. There are a number of separate services offered by third parties that we refer to as external service providers that may be complimentary to your use of the Web site (e.g. merchandise providers, shipping, packaging). If you choose to use these separate services, disclose information to the external service providers, and/or grant them permission to collect information about you, then their use of your information is governed by their privacy policy. We do not disclose your personal information to external service providers unless you provide your explicit consent. With your consent we may provide some of your personal information to the external service provider offering such services, for your convenience. To prevent our disclosure of your personal information to an external service provider, you can decline such consent or simply not use their services. Because we do not control the privacy practices of these third parties, you should evaluate their practices before deciding to use their services#

Internal Service Providers for Our Operations. We may use third parties that we refer to as internal service providers to facilitate or outsource one or more aspects of the business, product and service operations that we provide to you and therefore we may provide some of your personal information directly to these internal service providers. These internal service providers are subject to confidentiality agreements with us and other legal restrictions that prohibit their use

of the information we provide them for any other purpose except to facilitate the specific outsourced BPF FITNESS HUB related operation, unless you have explicitly agreed or given your prior permission to them for additional uses. In some instances, the internal service provider may collect information directly from you (such as for BPF FITNESS HUB surveys or for a co-branded credit card). In these cases, you will be notified of the involvement of the internal service provider, and all additional information you provide them and their additional uses will be strictly up to you. If you provide additional information to an internal service provider directly, then their use of your personal information is governed by their applicable privacy policy. Note that you might be on a mailing list for one or more of our independent franchised gym operators, so please contact them directly to remove your name from local mailing lists.

SECURITY

Unfortunately, no data transmission over the Internet can be guaranteed to be 100% secure. As a result, while we strive to protect your personal information, BPFHUB.COM cannot ensure or warrant the security of any information you transmit to us or from our online products or services, and you do so at your own risk. Once we receive your transmission, we use reasonable efforts to ensure that collected personally identifiable information is secure and not readily accessible to unapproved individuals or third parties. Due to the existing regulatory environment, we cannot ensure that all of your private communications and other personal information will never be disclosed in ways not otherwise described in this Privacy Policy. By way of example (without limiting the foregoing), we may be forced to disclose personal information to the government or third parties under certain circumstances, third parties may unlawfully intercept or access transmissions or private communications, or users may abuse or misuse your personal information that they collect from the Web site. Therefore, although we use industry standard practices to protect your privacy, we do not promise, and you should not expect, that your personal information or private communications will always remain private.
